**The Faculty of Radiologists** was a society formed in 1939 to encourage the study and improve the practice of radiology. The Faculty of Radiologists became the Royal College of Radiologists in 1975.

**Fellowship** of the College is a higher radiological qualification obtained by examination. An examination for the Fellowship is conducted twice a year by the Education Board.

Scientific meetings are held during the Academic Year from October to June. Particulars of membership, etc., may be obtained from the Secretary.

**Clinical Radiology:** The Journal of the Royal College of Radiologists is published six times per year, in January, March, May, July, September and November. *Subscription* to non-members £15.00 (\$35.00) a year, including postage, payable in advance. Single copies £3.00 (\$7.50). *Binding* cases (cloth with gilt lettering) for all Volumes may be obtained from the Publishers, who will also undertake the binding if required.
